

# Observing Earthworms

1. Measure your earthworm. How long is it? \_\_\_\_\_

2. Describe your earthworm.

---

---

---

3. Draw your earthworm and label its body parts.

4. Does your earthworm prefer to be in the light or in the dark? \_\_\_\_\_

5. How does your earthworm respond to soil?

---

---

6. How does your earthworm respond to water?

---

---

7. Where do you think your earthworm will go in the terrarium?

---

---

8. Put your earthworm into your terrarium and watch it for 5 minutes. What did it do?

---

---
